Task Manager

Task Manager is a clean, responsive todo app built using React (with Vite) and Tailwind CSS, allowing users to:

- Add tasks

- Delete tasks

- Mark tasks as completed

- Edit tasks easily

Features

- Functional components with state and props

- Functional components: App, Header, ToDoList, ToDoItem

- Add, delete, edit, and mark tasks as completed

- Responsive, user-friendly UI with Tailwind CSS

- Uses `map` for dynamic rendering with unique keys

- Toast Notifications for operations
